EDUCATION

AKTU

Bachelor of Technology in Electrical Engineering,

Lucknow, India

Aug. 2017 – May 2021

EXPERIENCE

Intern – Manual App Tester

August 2021 – Jan 2022

Hyperzod Technology pvt. ltd.

- Performed manual testing for mobile applications to ensure quality and bug-free releases.
- Reported and tracked bugs using issue tracking tools and collaborated with developers for timely resolutions.

Mobile App QA & Deployment Engineer

2022 – 2023

Hyperzod Technology Pvt. Ltd.

Lucknow, India

- Handled end-to-end testing of mobile applications.
- Managed deployment and publishing processes for both Android and iOS apps on respective stores.
- Maintained release notes and version control for production builds.

React Native Developer & Mobility DevOps

2023 – Present

Hyperzod Technology Pvt. Ltd.

Lucknow, India

- Developing and maintaining cross-platform mobile applications using React Native.
- Implemented and managed CI/CD pipelines to automate the build and deployment process.
- Scaled the deployment strategy for a multi-tenant SaaS architecture, supporting white-labeled apps.
- Frequently coordinated with the sales and business team to gather requirements and lead feature development from scratch.
- Focused on enhancing app performance, scalability, and maintainability.

PROJECTS

White-labeled SaaS Mobile App | *React native, Java, swift, Rest APIs*

- Developed a scalable and reusable white-labeled mobile app framework supporting multiple client apps in a multi-tenant SaaS architecture.
- Integrated dynamic branding, theming, and configuration per client using environment-based build variants.
- Implemented core features including:
 - * **Augmented Reality (AR):** Integrated AR-based experiences for enhanced user interaction.
 - * **Printer Support:** Used React Native libraries and built native modules to support multiple printer hardware types.
 - * **Live Location Tracking:** Real-time location updates using custom native modules and geolocation APIs.
 - * **iOS Live Activities:** Enabled dynamic updates on iOS Lock Screen and Dynamic Island for order tracking.
 - * **Notifications:** Implemented local and push notifications with rich content and custom channels.
 - * **Deep Linking:** Supported deep links to open specific screens via shared URLs or notifications.
 - * **Facebook Event Tracking:** Integrated `react-native-fbsdk-next` for ad tracking and analytics.
 - * **WebView Integration:** Embedded WebView for pages like policy, help center, and CMS-driven content.
 - * Automated build, signing, and deployment processes using CI/CD pipelines with support for Play Store and App Store distribution.

English Quiz App | *React Native, Firebase, Google Auth, AdMob, REST APIs*

- * Built a mobile quiz app with modern UI and engaging UX for English-learning users.
- * Implemented navigation using React Navigation and push notifications for user engagement.
- * Integrated Google AdMob for monetization, and Firebase Authentication with Google Sign-In support.
- * Fetched quiz data and user progress through secure REST APIs.

CI/CD Automation Pipeline | *Fastlane, Codemagic, Firebase, App Store/Play Store*

- * Designed and maintained CI/CD pipelines to automate build, signing, and release workflows for white-labeled mobile apps.
- * Integrated Fastlane with GitHub Actions and Codemagic to streamline deployments and improve release efficiency.
- * Reduced manual deployment time by 90% and improved consistency across staging and production environments.

TECHNICAL SKILLS

Languages: JavaScript, Java, Swift, PHP, SQL (PostgreSQL), HTML/CSS

Frameworks: React, Node.js, Laravel

Developer Tools: Git, Google Cloud Platform, VS Code, Android Studio, Xcode

Automation/CI-CD: YAML, Codemagic, Jenkins, Fastlane (Fastfile)
